Tributyl Phosphate	-	126-73-8	~50%

ter S in nt t

If on skin immediately wash with plenty of water. Get medical attention.

ter e nt t

Do not allow victim to rub or keep eyes tightly shut. Gently lift eyelids and flush immediately and continuously with flooding amounts of water until transported to an emergency medical facility. Consult a physician immediately.

ter n esti n

If swallowed: Rinse mouth. Do NOT induce vomiting.

Immediately call poison center or doctor and explain the type of exposure to the chemical(s) and provide the name of the chemical(s).

Call a physician or poison control center immediately. Do not induce vomiting. Immediately rinse mouth and drink plenty of water. If vomiting occurs, keep head low so that the stomach content doesn't get into the lungs. Never give anything by mouth to an unconscious person. Do not use mouth-to-mouth method if victim ingested the substance.

st rt nt S t s e ts

n ti n

May cause irritation and inflammation in nose, throat and lungs.

S e i r t e t i e e u i e n t
n r e u t i n s r i r e i t e r

Wear chemical resistant protective equipment and self contained breathing apparatus (SCBA).

e r s n r e u t i n s
r t e t i e u i e n t
e r e n r

Wear appropriate chemical protection equipment such as gloves , face-shield, goggles and suitable body protection to prevent contamination of skin, eyes and personal clothing.

e t s n t e r i s r
n t i n e n t e n i n u

Stop leak if possible without risk.

If trained in accordance 29 CFR 1910.120, leaks should be stopped. Spills should be contained and cleaned immediately. Persons performing clean up work should wear adequate personal protective equipment and clothing. Spills and releases should be reported, if required, to the appropriate local, state and federal regulatory agencies.
