AQUAPURE™ BA

2601115

Industrial applications

If on skin(on hair): Take off immediately all contaminated clothing.   Rinse with water/safety shower. Call doctor if irritation persists.

If in eyes: Rinse cautiously for several minutes.   Remove contact lenses if present and easy to do.   Continue rinsing.   If irritated, call doctor.

If swallowed: Rinse mouth.   Do NOT induce vomiting.

Irritation of eyes and skin.

This product can cause mild, transient skin irritation. The severity of irritation will depend on the amount of material that is applied to the skin and the speed and thoroughness that it is removed. Symptons include redness, itching, and burning of the skin. Repeated or prolonged skin contact can produce moderate irritation(dermatitis).

Provide general supportive measures and treat symptomatically. Symptons may be delayed. Keep victim under observation.

Avoid contact with water. Use foam, dry chemical or carbon dioxide.

Carbon oxides may be produced.

Wear chemical resistant protective equipment and self contained breathing apparatus (SCBA).

Stop spill at source.

Caution: Spilled material may be slippery.

If trained in accordance 29 CFR 1910.120, leaks should be stopped. Spills should be contained and cleaned immediately. Persons performing clean up work should wear adequate personal protective equipment and clothing. Spills and releases should be reported, if required, to the appropriate local, state and federal regulatory agencies.

Absorb the chemical onto sand, vermiculite, or any other non-combustible absorbent, and collect into containers for later disposal.

Wash hands thoroughly after handling.

Wear rubber gloves, goggles and chemical protective clothing.

Eating, drinking and smoking in the work area is prohibited.

Do not allow material to freeze.

Ammonium Sulfate	ACGIH	10 mg/m3	-
