Sodium Metasilicate	Disodium Metasilicate	6834-92-0	Approx 40%
Sodium Carbonate	Soda Ash	497-19-8	Approx 40%
Sodium Tripolyphosphate	Triphosphoric Acid, Pentasodium Salt	7758-29-4	Approx 15%

Move to fresh air. If breathing is difficult, give oxygen. If breathing stops, provide artificial respiration. Do not use mouth-to-mouth method if victim inhaled the substance. Induce artificial respiration with the aid of a pocket mask equipped with a one way valve or other proper respiratory device. Call a physician or poison control center immediately.

In case of fire: Use water, foam, chemical extinguisher or carbon dioxide.

Sodium oxides, silicon oxides

Wear chemical resistant protective equipment and self contained breathing apparatus (SCBA).
